

“Love you”

Verse 1.

Walk on the sand, holding your hand,
the air was warm, the stars where bright.
We may love, right on through the night.

Chorus

But I made my mind up now,
I gave you my love but it's over now.
I don't know why it ended this way,
I tried to say in so many ways,

I love you. I love you.

Verse 2.

You love someone, the feeling's strong.
I open myself, to find who I am.
Giving my love as freely as I can.

Chorus

But I made my mind up now,
I gave you my love but it's over now.
I don't know why it ended this way,
I tried to say in so many ways,
I love you. I love you.
I love you. I love you.

BRIDGE

Cause Love ain't love until you give it away.
Love ain't love until you give it away.
Love ain't love until you give it away.
Love ain't love until you give it away

Verse 3.

You love someone, the feeling's strong.
I open myself to find who I am.
Giving my love as freely as I can.

Chorus

But I made my mind up now,
I gave you my love but it's over now.
I don't know why it ended this way,
I tried to say in so many ways,
I love you. I love you. I love you. I love you.
