

“World upside down”

Verse 1.

Freedom is the man that turns the world upside down.
I break my neck I work in the dirt, what's it's worth, nothing!
I look around I see all the madness, in their eyes I see their sadness.
Freedom is the man that turns the world upside down.

Verse 2.

Some people say they're rich, some say that they're poor, I don't care anymore.
There's war overseas, there's people who freeze, is there anyone who sees,
Freedom is the man that turns the world upside down.

Bridge

When you turn the world upside down,
There's nothing to hold onto.
So look inside your heart, cause all that remains is the love that you gave.

Verse 3.

Some people wait for Christ, they say that will be nice.
But he's already paid the price. They look above, they look below,
it's inside your self that you need to know,
Freedom is the man that turns the world upside down.

Verse 4.

Freedom is the man that turns the world upside down.
Freedom is the man, Freedom is the man that turns the world upside down.
Freedom, Freedom, Freedom is the man, Freedom is the man,
Freedom is the man that turns the world upside down.
Freedom is the man that turns the world upside down.
Freedom is the man that turns the world upside down.
